Dear Parents/Guardians,

Meet the Teacher Evening will be held next Thursday 11th February. This is a terrific opportunity for our whole College Community, P-12 to come together and for parents to meet all of their children’s teachers without it taking a lot of time out of your personal schedules.

The evening will begin at 6.00pm sharp, with a whole school general information session in the Church Auditorium. Our Principal, Nathan Gray, will describe what we have in store for 2016 and Claire Madden from McCrindle Research will present insights from last year’s community survey.

Following this information session, classrooms will be open until 7.45pm for you to meet and greet your child’s teacher/s. Secondary Faculty areas will be open for you to explore and meet the staff associated with each of these departments, whilst Primary classes will be running 15 minute information sessions, to allow you time to get around the whole school if you have more than one child.

This evening is a time to talk about whole school, faculty and classroom routines, procedures and learning programs and is designed to cater for general information sharing. Please note that there will be no time scheduled for individual discussions with class teachers about your child and their progress at school. These can be arranged at a more suitable time by contacting your child’s teacher.

If it assists in you being able to attend the evening, you may bring your children if needed. However, for the safety of your children we ask that you supervise them by keeping them with you at all times throughout the evening.

Please note: NO skateboards or scooters etc. are to be ridden on College grounds during this evening.

As a College staff we look forward to the first Whole College event of 2016 and believe it will be a valuable night for all families.

Mrs D. Pope
Head of Primary

Mr. M. Camilleri
Head of Secondary
