Year 10 History Jewish Museum excursion

Year 10 students enriched their understanding of the Holocaust through a visit to the Sydney Jewish Museum in Darlinghurst on Wednesday, 9th March.

Students viewed artefacts and other sources from European ghettos and concentration camps during World War 2. The highlight was hearing the testimony of a (95-year-old!) survivor of Auschwitz. Everyone was inspired by Eddie's resilience and wisdom.

The experience deepened students' historical empathy and helped them explore why it is valuable to commemorate the Holocaust, which is the focus of their current research task. Ms Brooks and Mr Loadsman also toured the students through the ANZAC Memorial in Hyde Park, which was another fitting experience as we approach ANZAC day.
