Prep Enrolment Information

2017

WELCOME TO OUR PREP SCHOOL

At Mount Annan Christian College, the Prep Class is the equivalent of your child's first year of school because they experience every aspect of school life. The Prep program is specifically designed by specialist teachers to provide a comprehensive preparation for the children's transition into Mount Annan Christian College Kindergarten. We provide children with a structured routine and a variety of opportunities to practise and master basic literacy and numeracy skills. These experiences include pre-writing, pre-reading and numeracy activities.

The Prep Class is part of the Primary School, which allows the children to be involved in the College's special events, for example; assemblies, book parades, sports days, events and also the weekly Church time. Within these functions the children experience being part of the College, they meet their future teachers and mix with children of different ages and abilities. It is the College's expectation that all enrolments into Prep will continue into Kindergarten at Mount Annan Christian College.

By the end of the year, each child in Prep will be able to confidently sit on the floor and listen to their teacher, follow directions and guidance from teachers, care for belongings, participate in various aspects of the curriculum, follow a structured routine and form friendships that will follow on into the remainder of our Primary program.

By the end of the year, it is anticipated that Prep children should be able to:-

Each group of Prep children will ultimately determine the nature of the teaching and learning program, as each year the activities are comprehensively planned and facilitated according to the individual and class needs at the time.
